SCHUSS POOL NEWS

We have completed our discussions with the Resort regarding the Schuss Pools. Commencing July 1, 2010, entrance to the pools will require an electronic pool pass. The Resort is issuing passes only to the following; 1) Resort guests 2) members of the Schuss Mountain Property Owners Association and their guests and 3) any unit owners in the **Resort's** rental management program and their guests.

We are pleased to announce that the passes will be issued to any **paid** Schuss Mountain Property Owners Association Members at no additional cost upon request; the passes are an added value to your membership.

The July 4th weekend approaches and we endeavor to have passes available to any members for that weekend who desire them. Please reply to our administrator at: administrator@smpoa.net to reserve a pass for the July 4th weekend. We will announce on the website the dates, times and place that the passes may be picked up or distributed that weekend. If you want a pass for use beyond the July 4th weekend please submit your request and we will see to it that a pass is either mailed to you or arrangements are made for you to pick it up.

You may also call our administrator, Patricia Mueller at 810-922-8952 to request your pass or for any questions you may have.

Only the outdoor pool will be open for the summer. When you use the pool, follow the signs beyond Ivan's entrance to the far side of the kiosk inside the fence to a door marked as the entrance. Use your card to enter. A new unisex bathroom has been built and available in the same kiosk located near the entrance.

The use of the pool pass will be limited to your immediate family and guests. We expect that there will be some enforcement of these rules. Anyone caught violating the rules by lending your card to others will forfeit their pass. If the pass is lost and a replacement is required for any reason, a \$10.00 fee will be charged for the replacement pass. The pool pass will be valid through May 15, 2011. (45 days after the next dues billing of April 1, 2011)

Should your pass not work for any reason; please go to the Summit Front Desk to get your key reactivated.
